Product Experience

Optimizely · Staff Product Designer

APR 2021 - PRESENT | REMOTE

- ▶ Lead all design processes for Optimizely Data Platform (formerly Zaius) product.
- ▶ Collaborate with the Product Design team to give & receive feedback, improve design systems, and harmonize cross-product experience.
- ▶ Evangelize design thinking through cross-team presentations; participate in and advocate for ERG groups (Mentally Forward, Out@Opti, Women of Opti, Green Team).
- ▶ Mentored two colleagues March–September, 2022.

Zaius · Senior Product Designer

MAR 2018 - APR 2021 | BOSTON, MA

- ▶ Worked collaboratively with Product Management, Engineering, and other stakeholders to take projects through research & problem discovery, user experience design, interface & visual design, and usability testing.
- ▶ Led the initiative to create and maintain a component library & style guidelines.

DZone · Lead UX/UI Designer

JUN 2015 - MAR 2018 | CARY, NC

- ▶ Took business vision from concept through to research, design mockups, and often to front-end development for both website & software products.
- ▶ Began as a Graphic Designer, working on the Marketing team to create marketing and ad collateral, lay out publication content, design infographics, and help establish & maintain the branding through a website redesign.
- ▶ Established a Social Committee and coordinated events to improve workplace culture.

Design Experience

Boston Sings [BOSS] · Web, Graphics & Social Media

NOV 2016 - PRESENT (VOLUNTEER)

- ▶ Coordinate social media & email marketing; create graphic & video content for social channels; manage website; produce print material (badges, certificates).
- ▶ Revamped and redesigned festival branding in 2017.

Freelance · Graphic Design

2014 - 2020

- ▶ Worked with various clients to provide personal & product-specific branding; logos; illustrations; business infographics; graphics & content for web, email, and social media; graphics for print collateral; and packaging design.
